Featured Product 1 – Hurricane Santee 140T

Made of tough thermoformed ABS plastic, the Hurricane Santee 140T represents the lightest plastic double sit-in kayak in the world. With the look and feel of a lightweight composite kayak, combined with the strength of plastic it is no wonder that this is our best-selling double sit in kayak.

Available in four great colours, the Santee 140T also boasts dry storage, and arguably the best, most comfortable seats available.

As our featured product we will be giving away **2 x Riot Marathon fibreglass shaft paddles** with every Santee 140T sold until end October.

RRP \$1 998 Currently on Sale for **\$1 599** including **FREE Riot Marathon Paddle**

If this is of interest to you we suggest that you get along to your nearest C-Kayak store and have a go at lifting it and sitting in it to assess for yourself it's incredible weight and comfort.

Featured Product 2 – Heavy Duty Kayak Bags

Designed by C-Kayak these heavy duty canvas bags provide more than adequate protection for your kayak whether you wish to store it in the garage, under the house or in the garden. They are also great for keeping bugs and other creepy crawlies out of your kayak.

Yes, they do look a bit sinister in the picture, but they serve their purpose very well 😊

Available in Three Sizes:

S : Kayaks under 3.5m

M : Kayaks 3.5 - 5m

L : Kayaks over 5m

The bags come with adjustable side straps for a snug fit and an adjustment end flap allowing each to accommodate up to 30% variance either way from their designated length.
